Actions you were required to perform:

✔ Add the monitor to the Workspace

✔ Connect the monitor to the computer using the HDMI cable

✔ Plug in the monitor

✔ Turn on the monitor and the computer   **Show Details**

Explanation

In this lab, your task is to complete the following:

- Add the monitor to the Workspace.
- Connect the monitor to the computer using the HDMI cable.
- Connect the power cord to the monitor and plug in the monitor.
- Turn on the monitor and the computer.

Complete this lab as follows:

1. Add the monitor to the Workspace as follows:
    a. On the Shelf, expand **Monitors**.
    b. Drag the **monitor** to the Workspace.
2. Connect the monitor to the computer as follows:
    a. Above the monitor, select **Back** to switch to the back view of the monitor.
    b. Above the computer, select **Back** to switch to the back view of the computer.
    c. On the Shelf, expand **Cables**.
    d. Select **HDMI cable**.
    e. In the Selected Component window, select a **HDMI Connector** and drag it to the white connector on the back of the computer.
    f. In the Selected Component window, select the unconnected **HDMI Connector** and drag it to the DVI port on the back of the monitor.
3. Connect the power cord to the monitor and plug in the monitor as follows:
    a. On the Shelf, select the **AC Power Cable**.
    b. In the Selected Component window, select the **female AC power connector** and drag it to the AC power port on the back of the monitor.
    c. In the Selected Component window, select the **male AC power connector** and drag it to the power strip.
4. Turn on the monitor and the computer as follows:
    a. Above the monitor, select **Front** to switch to the front view of the monitor.
    b. Above the computer, select **Front** to switch to the front view of the computer.
    c. Click the **power** button on the monitor.
    d. Click the **power** button on the computer.
5. Explore the capabilities of the simulator as follows:
    a. Right-click **Start** and select **Settings** to explore the capabilities of the operating system simulator.
    b. From the top navigation tab, select **IT Administration** to switch back to the hardware view.
    c. Select **Floor 1 Overview** to explore the rest of the office.
    d. Select **Score Lab** to finish the lab and see the score report.
